In re Application of :
Uichiro FUJINO :
Serial No. Not yet assigned : Group Art Unit: Not yet assigned
Filed: herewith : Examiner: N/A
For: PRIZE CONTEST SYSTEM EMPLOYING AN ACCESS COUNTER

PRELIMINARY AMENDMENT

Assistant Commissioner For Patents
Washington, D.C. 20231

Dear Sir:

Preliminary to examination of the above-referenced application, please amend the application:

IN THE CLAIMS:

Please amend claims 7, 8 and 10 to 13 as follows:

7. (Amended) A prize contest system employing an access counter as recited in claim 4, wherein the company serving as the sponsor for the prize contest is changed after a prescribed entry-accepting period.

8. (Amended) A prize contest system employing an access counter as recited in claim 4, further comprising a counter numbers center for disclosing rules of the contest on the Internet and for recording predictions of the selection number received via the Internet from participants in the contest.

10. (Amended) A prize contest system employing an access counter as recited in claim 8, wherein a web server operated by the counter numbers center comprises:

means for disclosing rules of the contest on a web page;

means for receiving predictions of the selection number via the Internet during the prescribed entry-accepting period;

means for reading the count of the access counter on the web page operated by the sponsor at the predetermined time after the entry-accepting period and for determining the selection number based on the count; and

means for announcing the selection number on the web page.

11. (Amended) A prize contest system employing an access counter as recited in claim 8, wherein a web server operated by the counter numbers center comprises:

means for disclosing rules of the contest on a web page;

means for notifying via e-mail participants registered for an e-mail magazine regarding the rules of the contest;

means for receiving predictions of the selection number via the Internet during the prescribed entry-accepting period;

means for reading the count of the access counter on the web page operated by the sponsor at the predetermined time after the entry-accepting period and for determining the selection number based on the count;

means for notifying via e-mail participants registered for the e-mail magazine of the selection number;

means for announcing the selection number on the web page.

12. (Amended) A prize contest system employing an access counter as recited in claim 1, wherein the monetary or material prizes are carried over to the next prize contest when there are no winners or when the winners do not come forward to accept their prizes.

13. (Amended) A prize contest system employing an access counter as recited in claim 1, wherein the monetary or material prizes are divided among the winners when there is a plurality of winners.

Serial No. Not Yet Assigned

Docket No. 4495-015

REMARKS

The above-referenced application is amended to delete the multiple dependencies of claims 7, 8 and 10 to 13 and avoid the multiple dependent claim filing fee.

Attached hereto is a marked-up version of the changes made to the claims by the current amendment. The attached pages are captioned "Verified with markings to show changes made".

Respectfully submitted,
